

Bio – John Frazier

John Frazier serves as the Senior Technical Director for Hohenstein Institute America. In this role, he works with brands, manufacturers and chemical companies to develop tools and programs that enable more sustainable manufacturing of apparel and footwear. John is also active in Green Chemistry efforts, previously serving on advisory boards for ACS-GCI, GC3 and NGC.

Prior to joining Hohenstein in 2016, John served as the GM and Senior Director of Chemistry for Nike. In this role he worked on safer and greener chemistry, water stewardship, product innovation, and establishing and promoting cross-brand collaborations, including AFIRM and ZDHC.

John holds a MS in Chemistry from San Diego State University and a BS in chemistry from Northern Arizona University.
